I don't see it either. Should I email to you document or save in the folders?

Can you find this document?

BoggsJenkins1980TVABurdockAquiferTestReport.pdf 1980_05

Boggs and Jenkins, 1980, TVA Burdock Aquifer

It should be in several places, but I don't see it anywhere.

1. Where do you want me to put the tribal web conference materials? Just at the end? (That will be the easiest)
2. Exactly what do you want the placeholder to say? Can you write it for me?

Hi Kate,
Please keep the duplicate files. The duplications were intentional.

I'm sorry! - I forgot to make a worksheet for the tribal web conferences. Please make placeholder pages with the description below. I can be the contact for these files.

Thanks!

Subject: DB questions

First two new questions:

You have about 10-20 files saved in multiple locations. Do you want the same doc loaded multiple times or should I delete the duplicates?

You have two audio files. Do you want me to make placeholder sheets for those files? If yes, what do you want the placeholder to say? Sometimes we say placeholder and then give contact information if someone wants to access the file.
